This diagram is an exploded view of a mechanical assembly, likely a conveyor system. It shows the following components and their assembly relationships:

- Main Frame (1):** The central horizontal structure with multiple vertical supports.
- End Assembly (2):** A bracket-like component that fits onto the end of the main frame.
- Motor/Drive Unit (3):** A complex assembly at the bottom left, including a motor (31), gears (32, 33), and a drive shaft (34).
- Roller Assembly (4):** A component at the bottom right, including a roller (41) and a support bracket (42).
- Support Structure (5):** A vertical support bracket (51) that fits under the main frame.
- Roller (6):** A cylindrical roller (61) that fits onto the support structure.
- Roller Mounting (7):** A bracket (71) that fits onto the roller.
- Roller Housing (8):** A housing (81) that fits over the roller.
- Roller Cover (9):** A cover (91) that fits over the roller housing.
- Roller End Cap (10):** An end cap (101) that fits onto the roller.
- Roller Pin (11):** A pin (111) that fits through the roller.
- Roller Nut (12):** A nut (121) that fits onto the pin.
- Roller Washer (13):** A washer (131) that fits between the roller and the support structure.
- Roller Bracket (14):** A bracket (141) that fits onto the roller.
- Roller Pin (15):** A pin (151) that fits through the roller.
- Roller Nut (16):** A nut (161) that fits onto the pin.
- Roller Washer (17):** A washer (171) that fits between the roller and the support structure.
- Roller Bracket (18):** A bracket (181) that fits onto the roller.
- Roller Pin (19):** A pin (191) that fits through the roller.
- Roller Nut (20):** A nut (201) that fits onto the pin.
- Roller Washer (21):** A washer (211) that fits between the roller and the support structure.
- Roller Bracket (22):** A bracket (221) that fits onto the roller.
- Roller Pin (23):** A pin (231) that fits through the roller.
- Roller Nut (24):** A nut (241) that fits onto the pin.
- Roller Washer (25):** A washer (251) that fits between the roller and the support structure.
- Roller Bracket (26):** A bracket (261) that fits onto the roller.
- Roller Pin (27):** A pin (271) that fits through the roller.
- Roller Nut (28):** A nut (281) that fits onto the pin.
- Roller Washer (29):** A washer (291) that fits between the roller and the support structure.
- Roller Bracket (30):** A bracket (301) that fits onto the roller.
- Roller Pin (31):** A pin (311) that fits through the roller.
- Roller Nut (32):** A nut (321) that fits onto the pin.
- Roller Washer (33):** A washer (331) that fits between the roller and the support structure.
- Roller Bracket (34):** A bracket (341) that fits onto the roller.
- Roller Pin (35):** A pin (351) that fits through the roller.
- Roller Nut (36):** A nut (361) that fits onto the pin.
- Roller Washer (37):** A washer (371) that fits between the roller and the support structure.
- Roller Bracket (38):** A bracket (381) that fits onto the roller.
- Roller Pin (39):** A pin (391) that fits through the roller.
- Roller Nut (40):** A nut (401) that fits onto the pin.
- Roller Washer (41):** A washer (411) that fits between the roller and the support structure.
- Roller Bracket (42):** A bracket (421) that fits onto the roller.
- Roller Pin (43):** A pin (431) that fits through the roller.
- Roller Nut (44):** A nut (441) that fits onto the pin.
- Roller Washer (45):** A washer (451) that fits between the roller and the support structure.
- Roller Bracket (46):** A bracket (461) that fits onto the roller.
- Roller Pin (47):** A pin (471) that fits through the roller.
- Roller Nut (48):** A nut (481) that fits onto the pin.
- Roller Washer (49):** A washer (491) that fits between the roller and the support structure.
- Roller Bracket (50):** A bracket (501) that fits onto the roller.
- Roller Pin (51):** A pin (511) that fits through the roller.
- Roller Nut (52):** A nut (521) that fits onto the pin.
- Roller Washer (53):** A washer (531) that fits between the roller and the support structure.
- Roller Bracket (54):** A bracket (541) that fits onto the roller.
- Roller Pin (55):** A pin (551) that fits through the roller.
- Roller Nut (56):** A nut (561) that fits onto the pin.
- Roller Washer (57):** A washer (571) that fits between the roller and the support structure.
